Plains Twisters Said 'Fantastic'

... 4 Feared Dead In Oklahoma

By The Associated Press

Dozens of deadly, destructive tornadoes whipped over sections of the Southwest and plains states Friday night in quantities the Weather Bureau said were "too numerous to list—a fantastic number."

A twister which hit a rural area near Lawton, Okla., was believed to have caused four deaths. At least 10 persons were injured in Texas.

Authorities were unable to obtain a complete report of casualties and damage because of wrecked power lines in many areas.

"The tornadoes are literally too numerous to mention," the U. S. Weather Bureau in Chicago said. "It's a fantastic number."

More than 20 tornadoes had been reported in Texas from noon to late Friday night.

Civil defense authorities, police, and broadcasting stations were alerted—some by telephone—of impending tornadoes. Hundreds of volunteer weather observers—private citizens throughout the area—aided Weather Bureau radar observers in charting the massive storm system spawning the twisters.

The tornado that struck near Lawton was accompanied by torrential rain. The twister knocked down power and communication lines and smashed four houses. Two bodies were found in a car. Two other persons living in the area were missing and believed dead. A soldier, whose car was found wrecked, also was unaccounted for.

Another twister hit near Waukegan, Okla., about 50 miles south-east of Oklahoma City.

The tornado at Waukegan reported.

H. E. Gooch Jr. Dies On Coast

Herbert E. Gooch Jr., 46, of Inglewood, Calif., a native of Lincoln, died Friday in Inglewood. He was the son of Mrs. Herbert E. Gooch Sr. of Lincoln and the late Mr. Gooch.

Mr. Gooch lived in Lincoln until moving to California during World War II. He was owner and operator of Standard Aviation Supply, Inc. in Inglewood at the time of his death. He was a graduate of Princeton University.

He served as a major in the U.S. Army Reserve, and was stationed at Ft. Leavenworth, Kan., war college during World War II. His father, Herbert E. Gooch Sr., was publisher and president of The Lincoln Star from 1910 until 1930, and was also organizer of the Gooch Milling & Elevator Co. in 1908 and the Gooch Food Products Co. in 1917.

Herbert Gooch Jr. is survived by three children, Patricia, Michael and Herbert E. Gooch III, all of Pasadena, Calif.; his mother, Mrs. Herbert E. Gooch of Lincoln; a sister, Mrs. Dana Bradford of Omaha; brother, Gilbert Amsden Gooch of La Jolla, Calif.

Cremation services will be held in California and the ashes flown to Lincoln.

Safety Stressed
LONDON (U.P.)—The British atomic energy authority is organizing a special branch to handle "all factors affecting safety in nuclear development." One of its duties will be to set standards of exposure to radiation that can be tolerated without danger.

U.S. Congress Takes Grim View Of Riots

... No Talk Yet Of Cutting Off Chiang's Aid

WASHINGTON (AP)—The United States Friday demanded "full compensation and adequate apology" from Nationalist China for injuries inflicted on Americans and damage to American property by rioting mobs in the Formosan capital of Taipei.

The government of President Chiang Kai-shek, whose mainstay in world affairs is United States friendship and support, formally expressed "profound regret" to the State Department for the violent outbreak. It promised adequate protection for U.S. lives and property hereafter.

The State Department, in announcing these developments, disclosed a report from U.S. Ambassador Karl L. Rankin that stones had been thrown at him and Nationalist Foreign Minister George Yeh by the mob at the embassy and that Yeh had been struck by one stone.

Members of Congress generally took a serious view of the situation, and some said it was bound to damage Chinese-American relations. There was little or no immediate talk, however, of cutting off the massive U.S. financial aid to Chiang Kai-shek, though Sen. Ellender (D-La.) suggested changes in foreign aid policy to see that more assistance reaches the needy "masses" rather than the "rich." State Department officials were inclined to attribute the emotional explosion basically to resentment on the part of Chinese rioters against the higher living standards and apparently privileged position enjoyed by the thousands of American military and civilian personnel stationed in Formosa. Officials variously put the total of Americans and their wives and children on assignment there at 9,000 to 10,000 people.

Some authorities here saw the possibility of a deeper significance in the outbreak which was directly touched off by the acquittal by a U.S. court-martial of a U.S. Army sergeant who killed a Chinese man alleged to have been discovered peering into the bathroom window of the sergeant's home.

American military and economic aid estimated at considerably more than a billion dollars since 1950 has been the main source of Chinese material strength on Formosa.

Det. Robert Sawdon checks the body moments after police arrived.

Young Boy's Body Found In Hotel

... Police Hold Father

By DEL HARDING
Star Staff Writer

A boy about 4 years of age was found dead—apparently strangled—in Room 226 of the Milner Hotel, 119 So. 15th, about 10:30 p.m. Friday.

The boy's father is being held on an open charge at City Jail.

Deputy County Attorney Dale Fahrbruch said late Friday night: "We have an oral statement in which he admits choking the boy."

Deep finger marks were found on the boy's throat, police said.

The sheriff's office and city police had sought the boy's father since about noon Friday. He had reportedly taken the car of his wife, from whom he is separated, without her permission and had also taken his son with him.

County Sheriff Merle Karnopp said the father told him he had been with the boy earlier in the day.

A check was made of local hotels after the father's arrest, and when the father was found to have been registered at the Milner the night clerk went to the room and found the body.

Lying On Bed
The boy's body was found fully clothed lying on its side in a double bed. It was covered to the shoulders with a sheet and blanket. Hotel officials reported the father had checked into the hotel Thursday night.

Chief Deputy County Attorney Dale Fahrbruch said he would await the results of an autopsy underway early Saturday before deciding what charges—if any—would be filed in the case. Police and sheriff's office personnel jointly were investigating the matter.

The man was arrested at the home of his father about 9:20 p.m. by Police Cruiser Officer Bruce Nelson and Fireman Leonard Hudkins, who held him for the sheriff's office. After questioning he was taken to Police Headquarters and jailed.

MAN MISSES CAT, SHOTS SISTER ROSE

SCHUYLER, Neb. (U.P.)—Steve Bartnek wounded his sister, Rose, 55, Friday when his shotgun discharged accidentally as he tried to kill a cat at Rose's request, Deputy Sheriff Fred Kemp said. The woman's condition is good.

Deputy Kemp said he was told that Rose saw the cat catch a bird and called to Steve to get his gun and shoot the cat. Kemp said Steve missed his first shot and was trying to pump another shell in the gun chamber when the weapon discharged.

TOT KILLED IN TRACTOR MISHAP

PAWNEE CITY, Neb. (U.P.)—Relda Hunzeker, 16 months old, was killed Friday at her farm home southeast of Pawnee City when run over by a tractor her father, Kenneth Hunzeker, was backing out of a shed.

Today's Chuckle

"How did the wedding go?" the minister's wife asked when he returned from the church.

"Very well," he said, "until I asked if the bride would obey."

She said, "Do you think I'm crazy?" and the bridegroom, who was in sort of a daze, mumbled "I do." Then things began to happen.

ADEQUATE IRRIGATION WATER IS PREDICTED

By BETTY PERSON
Star Staff Writer

An adequate water supply in 1957 for all irrigated areas in western and central Nebraska which receive water from the main streams in eastern Colorado and southern Wyoming, was forecast Friday in a report received by Dan Jones, chief of the irrigation division of the Department of Roads and Irrigation.

Jones said a special snow report released by the U. S. Department of Agriculture's Soil Conservation Service shows precipitation and resulting streamflow has been much above normal in Colorado and southern Wyoming for the first half of May.

The SCS report states that streamflow from snow melt has been delayed and the snowpack has generally increased during the first 15 days in May.

Sustained High Flow
This is expected to result in a sustained high flow from snow melt for late May and June, the report continued.

Most of the streamflow in Colorado went into storage during the first 15 days in May, according to the report, and a substantial carry-over of water in storage is anticipated at the end of the season, especially on the South Platte.

The SCS forecast for April-September, 1957, for the North Platte at Saratoga, Wyo. shows 875,000 acre feet of run-off, which is 133 per cent of the 15-year average of 657,000 acre feet. This is the chief source of water for western Nebraska.

As of May 15, 1957 the head waters of the North Platte showed:

Snow Course	Snow Depth Inches	Snow Water Content in inches	1957 forecast 15-year average	Percentage
Cameron Pass	86	38.5	1,900,000	123
Willow Creek Pass	58	12.7	1,510,000	136
Park View	36	5.6	1,340,000	128
Columbine Lodge	44	21.3	270,000	125
Berthoud Summit	76	29.8	170,000	141
Bottle Creek	22	9.3	300,000	125
Old Battle	20	17.4	800,000	84
North French Creek	94	41.3	650,000	115
North Battett Creek	69	26.6		
Ryan Park	20	8.1		

Other forecasts include:

Basin and Stream	1957 forecast 15-year average	Percentage
Gunnison at Grand Junction, Colo.	1,900,000	123
Colorado at Glenwood Sprs., Colo.	2,100,000	136
Poudre at Canyon Mouth	270,000	125
Clear at Golden, Colo.	170,000	141
Arkansas at Pueblo, Colo.	300,000	125
Rio Grande at Goli Bridge, N.M.	800,000	84
Rio Grande at Del Norte, Colo.	650,000	115

Rev. Dick Heads City Council Of Churches

The Rev. Thomas C. Dick Jr., pastor of First Plymouth Congregational Church, was elected president of the Lincoln Council of Churches Friday, succeeding Dr. E. S. Wegner.

Other officers chosen by delegates at the Council's annual meeting were:

Dr. Lloyd E. Watt, first vice president.
Mrs. R. J. Becker, second vice president.
Miss Jean Hamilton, third vice president.
Dr. Howard Ottosen, recording secretary.
Clifford Weston, treasurer.
The Rev. Thomas Huxtable, chairman of Christian education.
Dr. Leroy Laase, chairman of social betterment.
Judge Harry A. Spencer, chairman of finance.

Representatives at large elected were Don Gerhard, the Rev. Everett Reynolds and Dr. E. S. Wegner, retiring president.

Speaking before the audience of about 150 Council delegates was Dr. Eugene Carson Blake, president of the National Council of Churches.

The national officer spoke in favor of the present foreign aid program on Christian grounds, "not merely for self-interest but because the strong ought to help the weak."

He asked his audience to express their convictions on the matter.

Budget Bills Floor Fight Seen Monday

The Legislature takes up the hot subject of the budget bills Monday, and a floor fight is expected to develop over the University of Nebraska appropriation for the next biennium.

The school was the major point of dissension in an unprecedented minority report filed by two members of the Budget Committee, Sens. Otto Liebers and Harry Pizer.

Sen. Karl Vogel, Omaha, chairman of the committee, said he will ask the bills be taken up as first order of business Monday.

Fights shaping up are on the University and possibly state parks where drastic cuts were made by the committee.

The University was cut to an increase of \$2.2 million, which was \$1 million less than recommended by Gov. Victor Anderson. The institution had asked an increase of \$5.5 million over its present appropriation of \$17.8 million for the 1955-57 biennium.

Lincoln Stirred
A report that a tornado had been seen near Crete, later proved erroneous, caused a stir in Lincoln Friday night.

Lincoln police warned members of the American Association of Museums who were meeting for dinner at Pioneer Park, of the possible tornado. At Bryan School, the warning sent parents who were attending an open house hurrying home.

The Weather Bureau had issued a warning for south central Nebraska, but said that Omaha, Norfolk and Lincoln were not within the area.

Funnel Seen
A tornado funnel was sighted Friday afternoon northwest of Scottsbluff, but it apparently did no damage. The area had brief, but heavy rain, with Scottsbluff reporting .28 of an inch at the Weather Bureau and .35 in town. There was some hail.

A small tornado touched the ground about four miles south of Yoder, Wyo., but apparently hit in open country and no damage was reported. Yoder is about 20 miles across the state line from Mitchell, Neb.

Winds during the afternoon reached 55 m.p.h. at Sidney, near 40 m.p.h. at McCook and Ainsworth, and 30 at Kearney.

Highs in the state Saturday were expected to be 58 to 65 in the west and 70 to 80 in the eastern part of the state. Friday's highs ranged from 77 at Omaha to 62 at Imperial and Sidney. Lincoln had a 75-degree high.

Popular Vote
"As a tip in this regard I would like to remind you," Wilson said, "of the great popular vote that President Eisenhower received in '52 and '56. For him the boys

Likes Edgar

PIERRE, S. D. (U.P.)—A prominent South Dakota Republican was displaying buttons which read: "I Like Edgar."

Franklin Hyde, a lifetime member of the GOP, said buttons referred to Edgar Eisenhower, whom he described as "like's older and smarter brother."

Several weeks ago Edgar Eisenhower made a statement criticizing the proposed federal budget.

Riot Act Read To GOP Critics

WASHINGTON (U.P.)—Two of President Eisenhower's chief lieutenants Friday night opened up with what appeared to be a concerted counterattack against Republican critics of the President's program.

"Persistent and carping opposition" was the way presidential assistant Sherman Adams described it.

Adams minced no words in telling a GOP gathering at Trenton, N. J., that "reputation of our party promises and programs will end in nothing but political suicide."

Addressing another Republican rally, in Milwaukee, Secretary of Defense Wilson advised GOP budget critics to look behind them and see if they have a following.

Bernard Baruch once told him, Wilson recalled, that "a political leader must keep looking over his shoulder all the time to see if the boys are still there—and if they aren't still there he's no longer a political leader."

Popular Vote
"As a tip in this regard I would like to remind you," Wilson said, "of the great popular vote that President Eisenhower received in '52 and '56. For him the boys

were still there and they are still there. His policies and philosophy and the way he is trying to carry out the commitments in our Republican platform make him a leader that all Republicans should be proud to follow."

Wilson's remarks were for a \$100-a-plate fund raising dinner of Wisconsin Republicans. He said he was "against anyone going after our budget with a meat ax" that would "damage our security."

These two speeches by the cabinet officials and the President's chief assistant followed up Eisenhower's own strongly worded defense of his mutual security program in a nationwide TV-radio speech Tuesday night.

Adams' remarks took on added significance with word from an office close to Eisenhower that the President was fully aware in advance of just what his aide was going to say at the Trenton rally.

In a sense, it amounted to reading the riot act to Republicans in Congress and elsewhere who have been attacking the administration's \$71,800,000,000 budget and specific aspects of the Eisenhower legislative program.

The Weather

NEBRASKA: Mostly cloudy Saturday and Sunday; showers, thunderstorms with locally heavy rains north-central, east, showers west, southwest Saturday; scattered showers extreme north, east night; high 58-65 west and 70-80 east.

Benny's Back Home—Full Of Pep

THE WELL HAS BEEN FILLED IN

MANORVILLE, N. Y. (AP)—The boy who spent 24 hours trapped in a well while the nation virtually held its breath came home from the hospital Friday—full of pep and full of smiles.

If Benny Hooper Jr., has any memories of his ordeal a week ago they weren't apparent.

Within minutes after being greeted by neighbors, the 7-year-old was gaily driving a miniature automobile over the site of the since-filled-in well.

Benny is supposed to spend the next few days resting, but his parents allowed him to work some of it off. He still has a slight cough and his left arm is in a sling, because of a minor injury suffered

BENNY HOOPER JR. ... what a difference a week makes.

cause of a minor injury suffered in the well.

Battery-Driven-Job

The \$450, battery-driven automobile was presented to him by a group of automobile dealers as he left Bayview General Hospital in nearby Mastic. His parents, Mr. and Mrs. Benjamin Hooper Sr., picked it into their automobile.

The boy, proudly wearing a baseball cap given him by the New York Giants, could hardly wait to try out his car.

He scooted here, there and everywhere about the Hooper yard with no attempt to avoid the well site. Part of the time he had his sister, Wendy, 6, as a passenger.

The automobile, though, was but part of the excitement. Waiting for Benny were his two dogs, Dusty and Butch, and a new dog, Rin Tin Tin, that had arrived as a present.

Many, Many Gifts

The new dog was one of many presents the boy has received from across the nation. They ranged from the shiny car to chewing gum and pennies sent by children.

An Ex-Mate Of Manville Stalls Plane

NEW YORK (AP)—Pan American World Airways Doggone Flight 201 was an hour late Friday leaving Idlewild Airport for Rio de Janeiro. Bit of a growl over the whole thing, too.

Seems Mrs. Anita Manville Sutton went aboard with her 55-pound English bulldog, name of "Captain Bligh." She's a former Mrs. Tommy Manville, now married to British actor John Sutton.

Anita wanted the pooch to ride in the navigator's quarters of the big plane. Pan American said uh-uh, he'd ride in the cargo department with the baggage.

"I wouldn't go from here to Brooklyn without him," Anita averred.

Quite a flap ensued, so much so that a dozen passengers got bored and left the plane. Pilot Jack Hervey told Anita that, not only could her dog not ride that flight, but neither could she.

Anita demanded her money back, in cash, on the spot. She finally got it—more than \$1,000.

Meanwhile Captain Bligh worked up a thirst. Baggage handler Bruno Dymkowski, 38, sought to oblige him with a glass of water. But the none too grateful beast bit the hand that tried to water it. The wound wasn't serious.

Finally, Pan American got Captain Bligh and Anita off the plane, rounded up the wandering passengers and took to the air.

Anita, who said the dog is going to make a movie in Rio with her husband, vowed she'll get him aboard another plane, and not in the luggage compartment.

"Even if I have to buy a plane," she added.

Lincoln Council And National President

Newly-elected Lincoln Council of Churches officers paused during their annual meeting Friday to discuss matters with National Council President Eugene Car-

son Blake. Pictured are: (left to right) the Rev. John Waser, chairman of Christian education; Don Gerhard, representative at large; the Rev. Thomas C. Dick Jr., president; Dr. Blake; Dr. E. S. Wegner, retiring president and new representative at large; Mrs. R. J. Becker, second vice president and Dr. Lloyd E. Watt, first vice president. (Star Photo.)

Tito Says Russia Has Stopped Its 'Anti' Campaign

BELGRADE (AP)—President Tito told his country that the Soviet Union has stopped its anti-Yugoslavia campaign.

In an interview given the Belgrade paper Politika, on the eve of his 65th birthday, Tito said Yugoslavia had taken the initiative to prevent further worsening of relations between Yugoslavia and the Soviet-led Communist bloc.

He said Yugoslavia made it clear to Russia "that we are ready to cooperate in all questions where we can without abandoning our principled attitude."

Tito said that to be on bad terms with the Soviet Union "has no sense." He stressed that "it is necessary that we have good relations also with the Eastern (European) countries without regard to some minor differences of ideological character."

Relay runners will bring greetings to Tito from all parts of the country on his birthday. More than 60,000 persons will assemble in Belgrade Stadium for the ceremony at the end of the 2,000-mile relay.

India May Ask R. Rossellini To Leave The Nation

BOMBAY (INS)—Reliable informants said Friday Indian officials may ask Roberto Rossellini to leave India because of reports linking him to a young, married model and scriptwriter.

The Italian film director has declared his relationship with 27-year-old Sunalini Das Gupta was "purely business."

He also was quoted as saying that he had no visa difficulties with the Indian government, with which he has contracted to make a series of documentaries.

But reliable sources reported that Indian officials may ask the 51-year-old Rossellini to return home because of the storm created by the reports of his association with Sunalini.

Sunalini's husband, Hari S. Das Gupta, 35, was reported to have charged in a statement to Indian authorities in Bombay that Rossellini disrupted his marital life.

Das Gupta, who is also shooting documentaries in India, presently is in Calcutta.

Beaming Parents Watch As Hildy Dances In School Play

MIAMI BEACH, Fla. (AP)—Freckle-faced Hildy McCoy danced in a school play Friday as her beaming foster parents watched—through at last with a six-year battle to retain her custody.

The festivities were in marked contrast to the tense hearing at the State Capitol the previous day which ended in a refusal by Gov. LeRoy Collins of Florida to grant a request from the state of Massachusetts that Mr. and Mrs. Melvin B. Ellis be returned to face kidnapping charges.

The Jewish couple, who have reared Hildy almost since her birth to an unwed Catholic mother,

were sought by Massachusetts under a law requiring a child to be brought up in the faith of its natural parent where practicable.

First In Class

Hildy, who stood first in her class, was promoted to the second grade during Friday's ceremonies.

She made a welcoming address to the parents and then took part with other children in a performance of "Snow White and the Seven Dwarfs."

The blonde, 6-year-old performed with aplomb and without any indication of being ruffled by all the excitement which has surrounded her for the past couple of days.

She knows she is a foster child but has no inkling of the struggle the Ellises have had to keep her a member of the family.

Hard Time Waking Up

When the only father and mother she ever has known left for the hearing in Tallahassee, she was told they were off on a little vacation. She didn't understand the to-do which surrounded their triumphal return Thursday night and had a hard time waking up to greet them.

The Ellises are hoping now for a "normal family life for the three of us," Ellis said an offer he made several years ago to bring Hildy up as a Catholic was rejected and he'd like now "to raise her in my faith but I can't say that I will. We will just wait and see."

Collins, an Episcopalian, said in refusing extradition that Hildy's natural mother had denied her child "first the right to be wanted and secondly the right to be loved."

Woodmen Circle Elects Denverite

OMAHA (AP)—The Supreme Forest Woodmen Circle in its three-day session elected Miss Olga Sorensen of Denver as president.

Three vice presidents, all from Nebraska, were elected. They are Mrs. Guy Fields, Lincoln; Maxine Miller, Gurley; and Glenn Mettlen, Omaha.

The treasurer is Mrs. Ole Roy Christensen, Lincoln.

Auditors are Mabel Forney, Omaha; Mrs. Frank Palmer, Lincoln; Mrs. Lloyd W. Guernsey, Scottsbluff; and Mrs. George Buchanan, Oshkosh, Neb.

Weather Ahead

Extended forecast for Nebraska: Temperatures will average 3 to 5 degrees below normal in the west to near normal in the east with cooler about Sunday and warmer beginning about Tuesday. Normal highs range from the low 70s in the north to the middle 70s in the south, and normal lows from the middle 40s in the Panhandle to the low to middle 50s in the southeast. Precipitation is expected to average near .50 of an inch in the west to near 1 inch in the east, occurring as "thundershowers" intermittently through most of the period.

Baby, Born After His Mom's Death, Dies In Chicago

CHICAGO (AP)—Tiny Norman Szeinert, born minutes after his mother died of injuries received in a traffic accident, lost his battle for survival Friday night.

The infant, who had been kept in a special incubator since he was delivered by caesarian operation Wednesday night, died at 11:30 p.m. Doctors said cause of death was respiratory failure.

The infant's mother, Mrs. Irma Szeinert, 19, was struck by an automobile Tuesday night. The car also killed another woman, Mrs. Lillian Stein, 22. She saved her young son by tossing him into a baby carriage and pushing it to safety.

Mrs. Szeinert died Wednesday night without regaining consciousness. Doctors worked feverishly and delivered her child about five minutes after her death. He was fed oxygen through a tube inserted in his windpipe. About an hour later he was able to breathe on his own.

The driver of the automobile which killed the two women, Dr. Maurice V. Puckey, 75, has been booked on two charges of reckless homicide. He is scheduled to appear in Felony Court June 26.

SMALL REBEL FORCE LANDS IN EAST CUBA

HAVANA (AP)—The Army reported a small rebel force landed in eastern Cuba Friday from a yacht out of Miami, Fla., under orders of exiled ex-president Carlos Prío Socarras.

Two of the 27-man landing party were captured. The Army said it is in pursuit of others in the rugged countryside.

The army quoted the captives as saying they are not followers of Fidel Castro, rebel leader who landed from Mexico months ago and has been ranging the eastern Cuba mountains with a guerrilla force.

The captives were reported to have said they shunned Castro "because he is allied with the Communists."

The two were captured by the Cuban Navy and turned over to the Army. The navy also confiscated the yacht.

Denial Made

MIAMI, Fla. (AP)—Former Cuban President Carlos Prío Socarras said in Miami he had nothing to do with the landing of a party of rebels on the Cuban coast.

He said he never had heard of the Corintia, the ship in which the party was reported to have reached Cuba.

'Eat And Run'

DETROIT (INS)—Detroit police were searching for an "eat and run" bandit.

The man took \$13.48 and a doughnut from a restaurant. He was seen munching on the doughnut as he fled on foot.

3,000,000 BANANA PLANTS BLOWN DOWN

TEGUCIGALPA, Honduras (AP)—Tornado winds blew down an estimated three million banana plants in the last two days, a United Fruit Co. spokesman said Friday.

He said the company is trying to salvage as much as possible but weekly shipments of 250,000 stems will be reduced to about 50,000.

POLICE CHIEF OFFER TO CARROLL JUST 'TALK'

OMAHA (AP)—Omaha Mayor Rosenblatt said Friday director of public safety Lynn R. Carey could not appoint a new Omaha police chief because Carey hasn't been officially appointed.

The question arose after Lincoln Police Chief Joseph T. Carroll said he had been approached "by a group of prominent Omahans" about "making a change up to Omaha."

James F. Green, Mayor Rosenblatt's campaign manager, said he

discussed the matter with Carroll, but Carroll said that during a visit with Green in Lincoln, May 16, he did not talk about a job here. Carey said he had not talked to Carroll.

Carroll said he had seen Green when the latter made a speech to a meeting of the Nebraska Traffic Safety Foundation.

"I don't know where the story got out," Carroll was reported to have said. "Nobody offered me a job, and I haven't applied for a job. They just asked me if I'd be interested in making a change up to Omaha."

When Green was asked about a meeting with Carroll, he said he discussed "the subject with him."

Assistant City Attorney Neal Hilmes, legal adviser to the police civil service commission, said that until a new personnel board is organized and adopts new rules, the chief of police will be appointed under present rules.

Existing rules require he have 12 years experience on the Omaha force.

Later, Green said that "just out of curiosity" he had asked Carroll "how he would like to have the safety director's job."

Green added "I know of no group of citizens or anybody else" who has talked to the Lincoln chief. He said he didn't "report" to anyone after his talk with Carroll.

And Rosenblatt added that no one in authority had talked to Carroll.

AF B-47 Is Missing

TUCSON, Ariz. (AP)—A Davis-Monthan Air Force base B-47 Stratojet bomber is overdue on a flight from Tulsa, Okla., and believed missing, base officials said Friday.

The officials said the plane carried its customary crew of three. They declined to identify the crewmen or disclose the plane's squadron and wing designation.

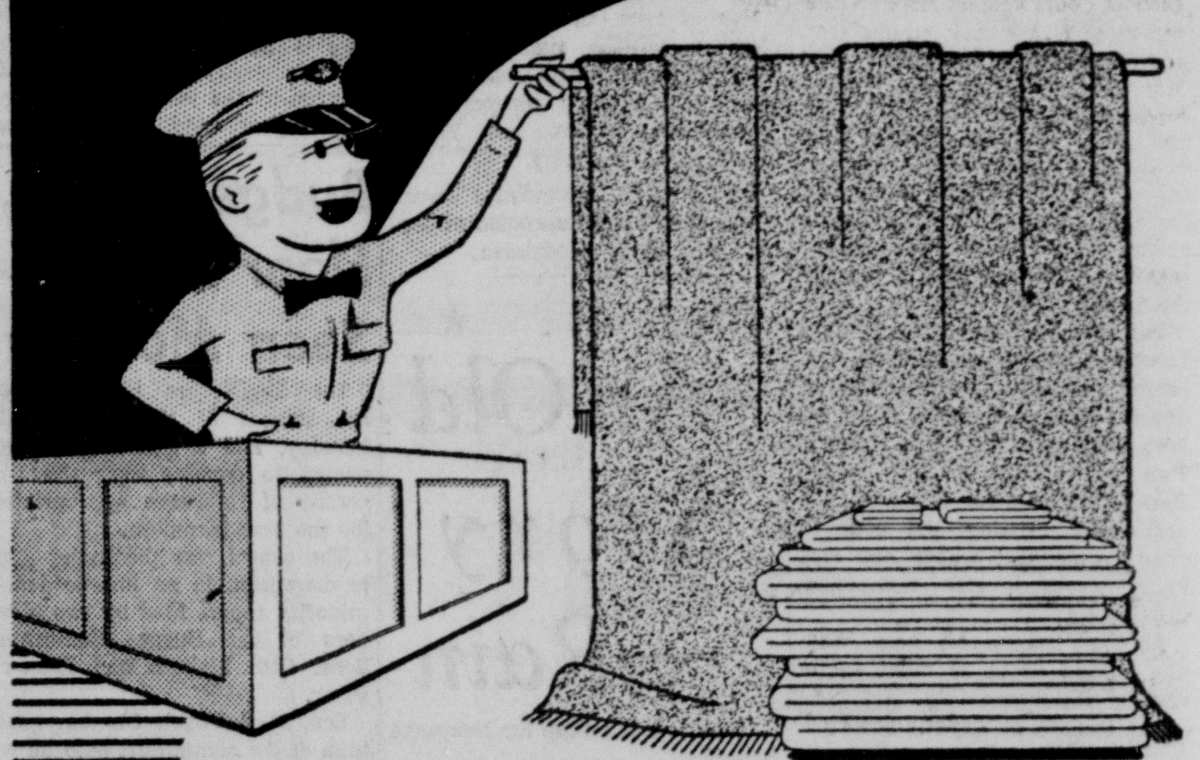

The base duty officer also declined to say when the plane was last heard from or where.

Continous Expecting

HOLLYWOOD (INS)—Musician Dick Contino and his actress-wife Leigh Snowden announced that they expect a visit from the stork in December. The couple was married last September.

Carey's Powerful Blast Peps Yankees Past Washington 8-1

NEW YORK, N.Y. — Andy Carey, never regarded as a power hitter, became the fifth major league player ever to knock a home run into the distant left field bleachers at Yankee Stadium Friday. And the Yanks, taking their cue from that second inning swat, ended their hitting slump by hammering out 13 hits and an 8-1 decision over the Washington Senators.

Chuck Stobbs, Washington's luckless lefty, was the victim of Carey's 430-foot blow, which came after a single by Elston Howard in the second and gave the Yanks the lead. Stobbs failed to survive the third inning and suffered his ninth defeat of an all-losing season.

The only other batters who have reached the left field bleachers on the fly are Jimmy Foxx, Hank

Greenberg, Joe Dimaggio and Gus Zernial. The last one was Zernial in 1951.

Howard was catching for the Yankees because Yogi Berra hurt a foot when he was hit by a foul ball in Thursday night's exhibition game.

The smallest crowd of the season, 4,735, saw Stobbs run his losing streak to 14 straight over two seasons and Tom Sturdivant chalk up his third victory with a four-hit pitching job.

Sturdivant lost a shutout when Mickey Mantle lost Jim Lemon's drive in the sun in the second inning. It went for a triple and brought in Herb Plews, who had walked.

The Yanks got two more runs off Stobbs in the third on doubles by Gil McDougald and Enos Slaughter and a single by Bill

Skowron. Righty Truman Cleveland, who relieved Stobbs, gave up single runs in the fifth and sixth innings and Dick Hyde yielded two in the eighth.

Cleveland loaded the bases in the fifth on walks to McDougald and Mantle, and a single by Slaughter. McDougald scored after a sacrifice fly by Howard. Hank Bauer tripled in the sixth and scored on McDougald's single.

Hyde got into difficulties in the eighth when Sturdivant and Bauer singled and McDougald was hit by a pitched ball, filling the bases. Slaughter's grounder caromed off Rocky Bridges' glove for his third hit, scoring Sturdivant. Then Cleveland walked Mantle and forced in the final run.

Naval Academy To Honor Pair

ANNAPOLIS, Md., (AP)—Dave Smalley, two-time captain of Navy's basketball team, and Andy Massimino, baseball captain and soccer star, will receive the Naval Academy's top sports awards June 5.

The academy announced Thursday Smalley, 22, senior from Albuquerque, N.M., will receive the Naval Academy Athletic Assn. sword presented to the graduate who has "personally excelled in athletics during his years of varsity competition."

Massimino, 22, of Rural Ridge, Pa., will be presented the Thompson Trophy Cup as the midshipman who has "done the most during the current year for the promotion of athletics at the academy."

STILT SAYS HE'S NOT LEAVING KU FOR PROS

LAWRENCE, Kan., (AP)—Wilt "The Stilt" Chamberlain, University of Kansas basketball star, Friday spiked reports he would turn professional and said he would remain at Kansas.

The 7-foot athlete, who has two

years eligibility left, issued a statement through the office of Coach Dick Harp, which said he had decided to remain in school "and complete work toward a degree."

"I had never made up my mind to leave, although, likemost athletes, I have considerable thought to my future," he said.

"After the story broke that I might leave, there was lots of confusion and misinformation. Before this story broke, never at any time did any pro team, including the Philadelphia Warriors, the Harlem Globetrotters or Harlem Magicians approach me.

"I think it was unfair the way the pro owners and myself were involved in stories which were not

based on fact and completely untrue."

Chamberlain, a sophomore from Philadelphia, also won the Big Seven high jump championship at Lincoln, Neb., last weekend.

He said his decision "was made easier by the counsel of others here whom I trust and consider my friends."

"I am staying at Kansas because I think it is the best thing and the right thing to do," he said.

Harp issued a statement in which he said he was "happy that Wilt will continue his studies next year at K.U."

Diver Warren Frischmann and breaststroker Jon Buzzard won Eastern Intercollegiate titles for Syracuse last winter.

LEARN TO SELL!"

That's Sound Advice for any Ambitious Teen-Age Boy Who Wants to Make Best Use of His Spare Time. Here's Why!

The ability to sell himself, speak convincingly, to command attention, to overcome objections and to get action—all of which are simply good SALESMANSHIP—will be extremely valuable assets, no matter what life work a young man undertakes.

Newspaper carrier boys devote a few hours each week to the one spare-time task that gives them BOTH practical sales training and profitable selling experience.

So, if your son is of carrier age, may we suggest that he consider the possibility of getting a newspaper route of his own. It's a year-around, spare-time, profitable source of business training that will help him all the rest of his life.

Routes are available in Lincoln and surrounding towns at various times. Why not stop in and visit with our Circulation Department
